

## Summary information

---

Applicant's name and surname	
Title of your postdoctoral proposal	
Personal address :	
Phone number :	
E-mail :	
Did you contact any Ifremer research unit for this application? If so, which one?	

**Names of persons writing recommendation letters:**

-  
-

**Have you ever worked with Ifremer personnel in the past?** *If yes, specify the purpose of your agreement.*

**How did you hear about Ifremer 2020 Post-doctoral fellowship contracts?**

## Summary of your PhD dissertation – *One page maximum.*

---

## Summary of your last post-doctoral experience – *One page max.*

---

## Detailed description of research project – 3 pages max.

---

1- Scientific or technological context.

*Main bibliographic reference*

2- How does your project fit in Ifremer's strategy? *(it is possible to tick multiple boxes).*

- Protect and restore the seas and oceans.
- Sustainable management of marine supplies for the well-being of human societies.
- Developing and sharing a digital ocean.

*Briefly explain:*

3- Scientific objectives:

4- Methodological approach(es):

5- Resources needed to develop the project (human, technological, ...):

6- Expected valorization of the results:

7- Originality and innovative character of the research question(s):

8- Expected collaborations:

9- Provisional timeframe of the project:
