

## 2<sup>nd</sup> IFREMER-ONR Workshop

# Durability of Composites in a Marine Environment

## Final Announcement

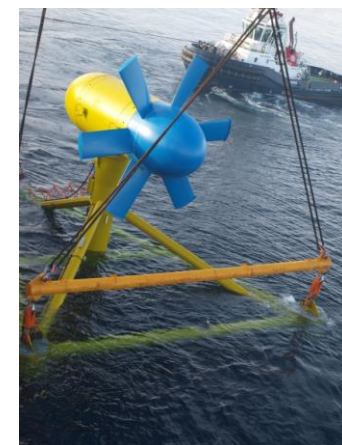

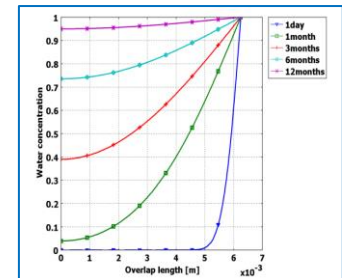

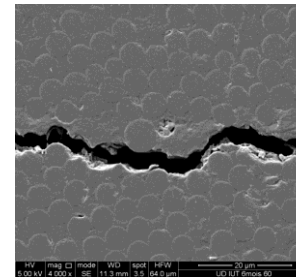

### Organizers:

Peter Davies, Ifremer  
Yapa Rajapakse, ONR

### Local Organizing Committee:

Anne-Sophie Delmaire  
Pierre-Yves Le Gac  
Maelenn Le Gall  
Mael Arhant  
Corentin Humeau  
Rachel Cazenave  
Dominique Choqueuse

24<sup>th</sup>- 25<sup>th</sup> August 2016, at the  
IFREMER Centre in Brest, France

Following the previous Workshop in Nantes in 2012, IFREMER and ONR are proposing a 2<sup>nd</sup> edition to be held in Brest in August 2016.

The Workshop will follow the same single-session format:

2 days of invited presentations by leading international experts.

**Day 1:**

Matrix, Fibres, Interfaces, Damage, Accelerated Tests.

**Day 2:**

Applications and in-service experience  
Discussed by naval, renewable marine energy and offshore specialists.

Speakers from both academic and industrial organizations.

Registration for the 2 days including meals will be 200€.

The detailed programme is now on-line

*N.B. Numbers are limited so if you wish to attend please register on-line rapidly.*
